DETAILED ACTION

1. The Amendment filed by Applicant on 06/30/03 has been entered.

Response to Amendment/Arguments

2. Applicant's amendment and arguments filed on 06/30/03 have been fully considered and they are found unpersuasive.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 5-6 and 8-22 remain rejected under 35 U.S.C. 102(b) as being anticipated by Anderson et al., U.S. Patent 5,459,193 (hereinafter "Anderson"). Reading the claims in the broadest light possible, Anderson teaches the subject matter. Also, the Applicants have not demonstrated the present invention is entitled to an earlier filing date to overcome Anderson.

Art Unit: 1713

Furthermore, the claims are dependent upon claims not under consideration and should be placed in independent status.

Anderson teaches a hot melt adhesive comprising a high molecular weight polystyrene-ethylene/butylene-polystyrene, commercially available as KRATON G-1651®, from the Shell Corp., a tackifying resin and a plasticizer. See Anderson, Abstract; col. 1, lines 9-17; col. 3, line 35 through col. 5, line 39. The Examiner asserts that hot melt adhesive is synonymous with adherent gel and tackifying resin is synonymous with adhesion resin.

Therefore, Anderson anticipates claims 5-6 and 8-22.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

6. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated

Art Unit: 1713

from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
